

Easy Glide Carer Assist

Easy Glide Carer Assist

The Oscar Easy Glide features a new castor design. This design allows the user to be assisted by a carer in getting to and from a dining table. While seated in the chair, the carer pushes down on the backrest, releasing the castor brakes and allowing the chair to roll toward or away from the table.

SPECIFICATIONS

	Seat Height	Arm Height
STANDARD	480mm	730mm
SIZE A	430mm	680mm
SIZE B	455mm	705mm
SIZE C	505mm	755mm

A correct seat height is required to assist with the functionality of the chair. Please note, when measuring the seat height, the client's feet must be planted firmly on the floor. With a lightweight aluminium frame, the Easy Glide is available in the Verso Tela range of fabrics including the Dot range shown.

FABRIC SELECTION

VersoTela
Fabrics

All VersoTela fabrics come standard with a suite of high-end specifications, such as, antimicrobial coating, mold resistance, scratch resistance and fire resistance.

Our wide range of collections each boast unique properties that are carefully designed to suit every customer's needs. Whether it be built for use in a care facility, or as a functional but stylish addition to the living room, our VersoTela fabric options are sure to tick all the boxes when it comes to crafting your perfect chair.

Please get in touch with one of our friendly sales representatives for fabric samples and to find out more about which fabric is right for you.
